BETTER THAN GOLD!

PORTSMOUTS, July 9, 1851. PORTSMOUTH, July 9, 1851.

Mr. J. E. Boush—Dear Sir: I feel it a duty to make nown the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years I suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspepsia. From this dreadful malady I suffered to such an extent that life was really a burden. The attack of it on me was different to that on any other person of whom I have heard; at times it was like the palpitation of the heart; there was a constant thumping and beating without intermission about the region of my heart, chest, and stomach; some of the attacks would last for weeks; my stomach; some of the attacks would last for weeks; my stomach was much distended, with constant pain, great weakness, and constipation of the bowels. I could not eat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain in the back, that I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medi-cal attendance. One of my physicians frankly told me it

of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly told me it was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my disease certainly incurable.

At this juncture I heard of Hampton's Vegetable Tineture. I refused to give it a trial, although persuaded by my friends, until my son purchased a few bottles, and requested me to try it; after taking it a few times, it had a most happy effect on me; my confidence increased, and after taking three bottles, my dyspepsia, or disease of the stomach, was nearly if not entirely cured. I now fed myself s new man, and in better health than for years. I am certain the cure in my case was made by this Hampton's Vegetable Tincture alone. Since my cure I have recommended the incture to a number of my friends, who have also been relieved by it. Some of the cures have been scrapid and equally wonderful as mine. who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine.

I present my respects to Mesars. Mortimer & Mowbray, the proprietors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully,

(Signed)

trial. Yours most respectfully, (Signed)

The above is extracted from a letter from a gentleman sixty years of age, and of high character. He says: "I have given but a faint idea of my sufferings; I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgin of the head, of years standing, and so bad that his teeth fell out from its effects. Call and see letters. Was there ever so many cures, wonderful cures, made by any other medicine. All we ask of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, serofula, and all complaints of the stomach, bowels, &c. BLACKWOOD'S MAGAZINE, AND THE BRITISH QUARTERLY REVIEWS.

BRITISH QUARTERLY REVIEWS.

Owing the nazions of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call rehewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The London Quarterly Review,

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACEWOOD'S EDINBURGH MAGAZINE.

BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chaimers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," It being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.

Mr. Robert Scars—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.

A SCRIPTURAL MANUAL.—By Chas. Simmons. THE DESIGN of this book is, to furnish proof tests, a physicially and systematically arranged, on all the important topics introduced in the Old and New Testaments. Great care has evidently been taken in selecting and classifying those texts. They fill a 17me, volume of over 500 pages, arranged under no less than 750 distinct topic. The book is furnished with a fall index, which a greatly increases its usefulness, and is in every respect not only a very valuable kind of work, but undoubtedly list he best of its class extant.

Were it generally possessed, carefully studied, and faithfully used, the result would be the introduction of a newera in biblical knowledge. It is commended to all clergymen, to students, to families, and especially to Sabbathschool teachers. The good paper, fair type, and mechanical execution of the work, are worthy of its contents. The second stereotyped edition of this book, being its twenty-fifth edition (issued in 1850), is a great improvement on former editions, in the number and arrangement of topics. The fact that 41,000 copies of it have been published within a few years, to meet the gradually increasing demand for it, is a gratifying proof of the estimation in which it is held.
